OBJECTIVE

I am a dedicated Computer Science student with a strong foundation in C, Python, and Java, and hands-on experience in building real-world projects. With proven skills in frontend technologies such as HTML, CSS, JavaScript, React, and Bootstrap, I am passionate about creating responsive and user-friendly web applications. I am eager to collaborate with experienced professionals, contribute to impactful projects, and enhance my expertise in modern web development.

Intermediate
Vijaya Kranthi Jr College
📅 06/2020 - 04/2022 📍 Challapalli Marks **973** / 1000

Secondary School
Andhra Pradesh Residential School
📅 05/2019 - 04/2020 📍 Musunuru Marks **578** / 600

INTERNSHIPS

Full Stack Developer – Intern
Smart Bridge Educational Services
📅 05/2025 - 07/2025 📍 Remote
An educational services company focusing on building innovative learning solutions

- Built a hands-on project using React for the frontend, Node.js for the backend, and MongoDB for the database

Machine Learning – Intern
Smart Bridge Educational Services
📅 05/2024 - 06/2024 📍 Remote
An educational services company providing various skill development programs

- Learned how to create and use machine learning models, and practiced training and testing them with datasets.

Artificial Intelligence – Intern
YHills
📅 02/2024 - 03/2024 📍 Remote
An innovative company focusing on AI solutions

- Learned the basics of Artificial Intelligence, including its core concepts, techniques, and simple applications, gaining a foundational understanding for solving real-world problems.

CERTIFICATION

Frontend Developer Certification
Certification demonstrating proficiency in frontend development - By GWings
Responsive Web Design
Certification in Responsive Web Design Principles and Practices - by FreeCodeCamp.

SKILLS

Programming Languages
C **Python** **Java** **JavaScript**
Frontend Development
HTML **CSS** **JavaScript** **React**
Bootstrap
Databases
SQL **MongoDB**
Version Control & Tools
Git **GitHub**

PROJECTS

Doctor Appointment Booking Application
A full stack web project for managing doctor appointments

- Built a full-stack web app enabling patients to book doctor appointments online and doctors to manage schedules. Focused on developing responsive frontend UI with HTML, CSS, JavaScript, and React, while integrating with backend APIs.

Flight Booking Application

- Developed frontend forms with React.js and handled user authentication and validation through Node.js.
- Technologies: HTML, CSS, JavaScript, React, Node.js, MySQL
